### BEST OF BREED: Check-In and Ring Procedure

Regarding Best of Breed competition on Saturday...our esteemed Best of Breed judge, Mr. Delbert Thacker, has issued the following statement:

"I will take the first 11 dogs and check them in, judge them, choose my keepers and dismiss the others. I will then proceed to the next 11 and follow the same procedure until I have judged all of the male specials. The dog move-ups will be in the last group of male specials. If the last group goes over 11, that is fine. I would like the veterans, sled dogs and Winner's Dog in a final separate group. If, in any group there are absentees, I will just judge the remainder of the group as indicated in the catalog. That way, the 12th dog doesn't have to worry about changing groups. I will then come back in and break down the males again. I will follow the same procedure for bitches."

So Relax and Enjoy the Show!
