Wednesday Seminar Notes:

BEYOND THE BASICS, HANDLING AND TRAINING TECHNIQUES AND PSYCHOLOGY FOR SUCCESS IN THE RING AND LIFE

You have already learned to dress for success, know all the gaiting patterns and what leashes and collars to put on your dog. What else is there to know?

How about the way a Siberian Husky thinks and ways to help them become comfortable with certain situations, real or imagined, why dogs get turned off or soured to working. This Seminar will be a combination of lecture and hands-on – bring your questions, problem dogs and together let us brainstorm and physically demonstrate on how to have a more successful union between man and dog, taking a look at what happens more from the dog point of view. Ideas and solutions are appropriate for obedience, conformation and everyday life.

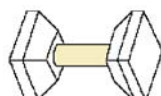

Presenter will be Trish Kanzler, (Innisfree) who has more than 50 years competing in showing and on the trail work, and anyone else who would like to share life experiences and solutions.

When: SHCA National Specialty, Wednesday, Ring side after sweepstakes judging (may be held in a conference room)
